Work City & Zip	Phoenix 85020	Work Phone	(602) 322-6986

Years as District 3 Resident:

08/15/2012

Preferred Mailing Address?

(o) Home

Degree(s) earned and school attended (i.e. Bachelor of Science from ASU)

Arizona State University, Political Science. Have completed 121 credit hours but missing two core courses (6 credits) for BA.

Professional experience (include professional memberships and previous employment)

The American Lung Association of the Southwest, Vice President, Government Relations. Direct federal, state and local lobbying activities over a 7 state region. Promoted policies that strengthened tobacco control and clean air laws.

Landry, Creedon & Associates, Lobbyist. Lobbied state elected and agency officials on priority issues for a client portfolio that included: City of Flagstaff, Union Pacific Railroad, Pulte Homes, Verizon Communications, Salt River Pima Maricopa Indian Community and International Council of Shopping Centers.

Maricopa County, Federal and State Government Relations Manager.

Arizona Republican Party, Finance Director

Intern, US Senator Jon Kyl.

Community activities (include civic clubs, volunteer activities, service organizations, etc.)

Have worked for non-profits the past 7 years in hopes of bettering Arizona's communities.

Comments/Special qualifications

Having worked with and for government entities my entire career I have a good understanding of processes and operations. Bringing people with different views and political beliefs together to work on finding solutions to difficult problems. Have strong relationships with other Valley cities, our legislators and our federal delegation.

Previous service on City boards/committee

It's not a committee or board but I'm currently working with the 10 AMWUA members on a project called the Salt and Verde Rivers Water Fund.

Interest in Position

This is a great opportunity to have a voice for District 3 and Mesa at a time when big changes are happening. When I'm talking with my neighbors there are definitely changes they want to see in District 3 and Mesa in general. It would be an honor to represent their voices on Council whether it be for a few months or possibly longer. I'm proud of the neighborhood and community I live in and want to be a participant in positioning Mesa as a leader as The Valley accelerates into the future.

Thank you,
City of Mesa

Preferred Mailing Address?

(o) Home

Degree(s) earned and school attended (i.e. Bachelor of Science from ASU)

Arizona State University- Masters in Public Administration
Arizona State University- Political Science, Certificate in American Public Policy

Professional experience (include professional memberships and previous employment)

Maricopa County Recorder- Community Relations Manager, Jan 2017-Current

- Create and implement new department for County Recorder
- Oversee all community outreach efforts for the Recorder for both election and recording of documents
- Supervise staff that conduct community outreach work in the 4th largest county in the country

Mi Familia Vota and One Arizona - National Field Director/Director

- Managed multi-million-dollar field operation in six states (AZ, CA, CO, FL, NV, TX)
- Planned and implemented organizational strategies
- Assisted with writing grants, funder relationships, and additional development work
- Supervised all day-to-day operations staff in the six states
- Managed statewide coalition of nonprofit c3 status organizations
- Built and managed relationships with local and national funders, raising millions of dollars for partners
- Guided and managed all One Arizona coalition strategies for voter registration, data, communication, and Get Out the Vote campaigns.

United States Census Bureau, Partnership Specialist

- Coordinated and managed outreach efforts for the 2010 Census campaign in Arizona
- Developed and maintained relationships with schools, faith community, businesses and others
- Represented the Census Bureau at events, meetings, and presentations
- Supervised Census staff and assisted with dissemination of press information to minority communities

Arizona Health Care Cost Containment System (AHCCCS), KidsCare Outreach Coordinator

- Developed and managed Statewide KidsCare Outreach campaign for Arizona
- Supervised all outreach grants for KidsCare to health providers
- Worked with government officials, organizations, and others to coordinate information and awareness
- Represented the agency during outreach for minority community in both English and Spanish

Additional Experience:

Chicanos Por la Causa- Prevention Specialist

- Managed elementary school based prevention program for at risk youth 3-5th grade

Arizona Attorney General's Office- Community Outreach Coordinator

- Worked on developing relationships, presenting, and other outreach efforts for the AG's office

Community activities (include civic clubs, volunteer activities, service organizations, etc.)

As my professional experience has been filled with the recruitment of volunteers and hosting community opportunities, when available I have volunteered my time. I have been a Big Brother for the Big Brother/Big Sister program where I mentored youth to ensure they reach their full potential. I have also been called upon to serve on some alumni advisory boards at Arizona State University to provide feedback on activities. In addition, I have volunteered as a soccer and baseball coach for my sons' sports teams. I have been recognized as a 40 under 40 Latino leader and Excellence in Latino Leadership for my efforts.

Comments/Special qualifications

As my professional experience highlight the diversity of sectors I have worked in, I have always challenged myself to learn and grow with each experience. In addition to my professional work, I have also received the opportunity to be a Congressional Intern in Washington D.C., learning the behind the scenes work that happens in Congress. I have also been trained in coalition building, group facilitation, and other community outreach strategies. Furthermore, I have also studied and put into practice work around how we better use data, both analyzing and visualizing data sets to highlight the information being conveyed. Lastly, I am fully bilingual in English and Spanish.

Previous service on City boards/committee

Prior to moving to Mesa, I lived in City of Chandler where I was appointed as a commissioner for the Housing and Human Services Commission. The commission is responsible for making recommendations to

the City Council and Public Housing Authority on the annual Community Development Block Grant and Section 8 funds. When necessary, the Commission also reviewed suggested projects within the Redevelopment Area and makes recommendations on their appropriateness.

I also was appointed by the Governor of Arizona as a public member to serve on the State of Arizona Board of Chiropractic Examiners. The board is tasked to be regulatory body of the State of Arizona charged with protecting the health, welfare and safety of the public through the enforcement of the laws governing the practice of chiropractic providers.

Interest in Position

Through my professional and personal experience, I truly believe that I would bring a fresh perspective to the council in this time of transition. I believe this is a time to heal and move forward with the work that needs to happen in both District 3 and the city. The work that I would be doing as a councilperson is truly an extension of the work that I have been doing for most of my adult life. The intersectionality of community and politics is an important facet of how we get our community to actively participate in the democratic process. I have done this work for years now and would love to get the opportunity to apply the values that were provided to me by my immigrant parents. Values of hard work, perseverance, and “ganas” a Spanish word best translated as gumption, resolution, and having the willpower to make things happen for oneself and for others.

As I have not lived in Mesa for extended period of time, I am very familiar with the issues and most important the temperament and focus that these issues need in order to bring about positive solutions. Citywide issues such as having a transparent and balanced budget, vibrant and innovative approaches to economic development, supporting public safety efforts, and many others will need individuals and community engagement to ensure positive progress for the city. Locally, issues such as how we continue the growth and support of our small businesses, neighborhood revitalization efforts that include work being done along light rail and other great neighborhoods in District 3, how do we bring back life to the Fiesta District area, and many others will be critical to continue and improve upon the work that has already been done. What I will bring to the table is the ability to think critically, work collaboratively, and ensure that we as a community are progressing forward. This has been my approach and would apply some of the similar strategies in working with the council and the community for which I would represent.

In conclusion, I believe that Mesa has been and will continue its trajectory to be a city that acknowledges its history while progressing for it's future, that it's inclusive and respects diversity at all its levels, and that it encourages its residents to imagine bigger and better things. This is why my family and I decided to move to Mesa, this is why I am pursuing this opportunity to serve this community that I have truly fell in love with. I thank you for your consideration and if appointed, I will be ready from day one to get to work with district residents, businesses, city staff, organizations, council, and many others to ensure that Mesa continues its progress for the future.

Thank you,
City of Mesa

Previous service on City boards/committee

Mesa Planning and Zoning Board, 2004-2010 (Chair 2008-2010)
Imagine Mesa Advisory Committee - current member

Interest in Position

I have been a resident of Mesa's City Council District 3 for 30 years. My 15 years as Mesa's Planning Director gave me an intimate knowledge of not just the District, but the City as a whole. I am familiar with the City's organizational structure and many major issues. My career has allowed me to be very comfortable in working with the public and within an elected/appointed group setting.

Since moving to Mesa in 1987, I have been extensively involved with Dobson Ranch, including serving as Executive Director (2003-2005), three terms on the Board of Directors, and currently as Board President.

I look forward to serving all the residents of District 3. There are many challenging issues facing us and I would be honored to serve on the Mesa City Council.

Thank you,
City of Mesa

Interest in Position

I love Mesa. I have lived in Mesa for 20 years, 19 years in what is now defined as District 3. This is my home. It is where I chose to start my family and raise our children. It is where I have been involved with my many neighbors, whose lives and success I care about. And because I love this community, I want to build upon the good that has been already done by those before me, and serve my neighbors, and the communities and business owners within the district.

District 3 has perhaps the most diverse makeup of people and neighborhoods in the whole city. Every community within the district wants to make its voice heard and have their interests represented on the Mesa City Council, and I feel I can accomplish this. I want all of the communities in our district to know that I will listen to them, learn their needs, and work hard to make this the best place for their families and businesses. I love people and feel joy as I serve them.

I ultimately want to serve as Councilman for District 3 because I want its future to be bright. I envision Mesa and District 3 as destination for business growth and safe neighborhoods where families can raise their children and have good schools. I don't think this happens automatically. As a city we need to proactively plan for a thriving community. There are areas that need help and improvement. I feel that I, along with the rest of the council and the many leaders and stakeholders throughout our city, can work together to make those improvements and build an even better place to live.

I would very much like to be considered to represent district 3 on the Mesa City Council. I look forward to the process.

Vocalist - St. Timothy Catholic Community, Mesa 1997-2008
Pastoral Council member and officer 2001-2004

Comments/Special qualifications

Mesa is a diverse and growing community. As a teacher in Mesa Public Schools I bring a unique perspective on the community. I believe often my first thought is how will it impact the young people of Mesa and, by extension, Mesa's future. My family moved to Mesa in 1974. Throughout my life I have lived in current districts 2, 3 and 5 and have taught in 1 and 4, so I have an understanding of many of the distinct areas of the City. My 25 years of teaching at Mesa High School has given me a deep respect for the history of the City. Participating in Hispanic Leadership Institute-East Valley opened my eyes even more to the great need of our Latino community, a need I see on a daily basis teaching in the past at Mesa High and now at Westwood.

Having been involved in the AVID (Advancement Via Individual Determination) Program since its arrival in Mesa Schools, I have become acquainted with many of the families in Mesa who aspire to provide a college education to the first member of their family. As the Service Learning Coordinator at Mesa High for 15 years, I led students to give an average of 60,000 hours volunteer service to the community with each graduating class (this was the highest of any school in Arizona). This experience allowed me to become acquainted with the many groups that need special help, and with many of the agencies that provide services to the less fortunate of our city. Through Service Learning, I have worked with United Food Bank, Paz de Cristo, Newborns in Need, the Mesa YMCA, City of Mesa Cemetery and the Mesa Police Department with the PAY program.

Previous service on City boards/committee

None

Interest in Position

The dynamic growth of Mesa since 1974 has been exciting to watch as has the rejuvenation of Main Street, the development of Gateway Airport, and the expansion of the light-rail. I have served for many years in this community, through my work in Mesa Public Schools, Christ the King and St. Timothy Catholic

communities, and as the VoluntEARS coordinator at the old Disney Store in Fiesta Mall. I see this as an opportunity to give back to Mesa. Servant Leadership is something that is at my core, especially through civic engagement and action. As a government teacher I find holding public office intriguing, having often contemplated it over the years. These past 6 months I have volunteered with Save Our Schools Arizona and have seen first-hand what a committed group of moms, dads, teachers and retirees can do. This too has made me interested in serving on the Mesa City Council. I have worked alongside two members of the Council and have watched their dedication to Mesa, it's growth and development. I look forward to helping Mesa continue in that forward trajectory.

Thank you,
City of Mesa
