## Ski Experience in Argentina

Join the next **KJZZ Travel Club** adventure: a week of skiing, food, and cultural experiences in the Andes mountains of Argentina! You'll also get to know the town of **San Martín de los Andes**.

This isn't an experience you can have with commercial tours. An intimate group of public radio listeners like yourself will go on this exclusive trip that has been produced with the same **attention to detail** that we give our on-air broadcasts.

KJZZ is planning a weeklong ski experience during the heart of Argentina's winter for a small group of KJZZ listeners who love to ski. **All ski levels are welcome!** We will be joined by Brian Liming, a level-3 ski instructor at Bogus Basin Ski Resort in Idaho. Brian has 43 years of professional experience teaching others how to ski and will provide you with daily lessons at no extra charge. There will also be guided group skiing opportunities. Watch Brian on YouTube discuss: [Your personal ski coach](#); [What if I'm a beginner or I'm rusty?](#); and [Am I too old to ski?](#)

In order to create unique experiences for our members, we can only accept six skiers on this ski experience. However, friends and partners who don't ski are still welcome to come and will have alternative activities to participate in.

## Please Read Before You Book

**Disclaimer:** Friends of Public Radio Arizona (FPRAZ), the sponsor of this trip, cannot accept any responsibility for your own personal safety or that of your belongings. You must sign a waiver agreeing that FPRAZ will not be held responsible or liable for any injury, loss, damage, or delay arising out of or in connection with any act, omission, neglect, accident, error, or default. FPRAZ cannot be held responsible for costs or other liabilities associated with any act of terrorism, war, accident, weather, or act of God. By engaging FPRAZ, you accept these terms and the noted terms of the program cancellation penalties. We highly recommend that all participants investigate and purchase travel insurance.

For non-skiers: this experience will require significant physical activity, including walking on irregular surfaces, climbing stairs, and standing during some activities. Because of this, **we cannot guarantee assistance for travelers with mobility issues.**

**Flights:** We recommend flying into the airport that serves San Martín de los Andes (airport code CPC). Because Phoenix is so far from southern Argentina, we recommend arriving in Buenos Aires a day early (July 28<sup>th</sup>). You would transfer by taxi to an airport hotel at your expense to spend the night and recover from jetlag. Then on July 29<sup>th</sup>, you would fly from Jorge Newberry Airfield (airport code AEP) to San Martín de los Andes.

**Health Certification: Please be prepared to assent to the following health certification:** I hereby certify that, to the best of my knowledge, I am in good physical health. I can readily walk three to five miles per day, climb at least three flights of stairs without stopping, and stand on hard surfaces for at least an hour at a time. Additionally, I agree to provide the leaders of this experience a sealed envelope at the orientation dinner at the studios of KJZZ with a listing of the medications that I am taking at the time of departure that can be supplied to medical personnel in the event of an emergency. If unneeded, this envelope will be returned to me before leaving Argentina.

**Passports:** Please provide your passport number, expiration date, and nationality when you make a deposit, as this information is required to secure hotel accommodations and transportation. **Your passport must be valid for at least six (6) months** from the first day of the trip. If you do not have a passport at the time of deposit, you agree to reimburse Friends of Public Radio Arizona for any additional costs associated with securing hotels and/or transportation incurred due to a delay in obtaining a valid passport.
